

MARK CUSACK

Having grown up locally I studied medicine followed by an MSc in European Policy and Politics and an MA in Law.

I moved to Brussels to work in the Public Health Directorate of the European Commission working directly alongside the Director General and Commissioner and put in place a 'Better Governance Plan ' so that Public Health issues were considered in all policies right across the Commission.

I returned to the UK to take up a scholarship at Grays Inn and ran a free legal advice service.

I have a particular interest in cutting through red tape to get things done. I am someone who likes people and shortly after my mum died, having never had a pet, took on a gorgeous little black pug who, like me, knows her own mind.

I am passionate about equality of opportunity in education and helping the most vulnerable in society. Joining Hungerford Town Council in January 2018 has enabled me to regain my confidence and look to the future. I have a love of music from Billy Joel to pop, rock and true vocalists but if you ever see me out clothes shopping get me out of the store as that is one of my vices!

I enjoy entering into a sensible debate with anyone and respect everyone's right to express their opinions.

I have the drive to see Hungerford grow as a working town for all not just the few.
